Practice & Practitioner

Toltec Healer (toltechealer.com) • Practitioner: Angel — Energy Healing & Toltec Shamanism. I am **not a licensed physician**; I do not operate a medical clinic; **these services are not licensed by the State of California**. This work is spiritual and energetic in nature and is **complementary/alternative** to state-licensed healing arts.

Nature & Theory of Services

My services support spiritual well-being, self-reflection, and personal growth. In energy work, I attune to the body's energetic field ("luminous body") with light, non-invasive methods to help restore balance and ease. In shamanic practice, rhythmic sound (drum/rattle) and guided journeying invite meditative states that may foster insight, connection, and clarity. These services are **not a substitute for medical or mental-health care**; I do not diagnose conditions, prescribe medications, or advise you to discontinue treatments from licensed providers.

Services Offered

- Intuitive energetic assessment (in person or at a distance)
- Energy healing and balancing (hands or hand tools; light, non-invasive touch only and always with your consent)
- Shamanic journeying (drum/rattle to a steady rhythm)
- Intuitive guidance/readings (cards, stones, symbolic tools)

Training & Experience

I have been formally practicing Energy Healing since 2018 and was initiated into the Toltec Shamanic path in 2021, with ongoing study and mentorship in energy work and shamanic arts. I also have a background in police work, specifically leading people through emergency situations and mental health crises, which was my front seat training for handling the unexpected, and ultimately my inspiration for continuing to help people in deeper ways.
